

IN THE DRAWINGS

Attached are formal drawings for drawing Figures 1-10, all stamped "Replacement Sheet" in response to the Notice of Non-Compliant Amendment. These formal drawings do not contain any new matter. They are merely formalized drawings.

R E M A R K S

The Notice of Non-Compliant Amendment requested that the formal drawings be labeled "Replacement Sheet". This has been done. However no substantive amendments were made to the drawings and thus it is not understood why the Patent Office deemed the previous Amendment non-compliant. However, in the interest of advancing prosecution of this case, Applicants' have labeled the drawings "Replacement Sheet" as requested.
